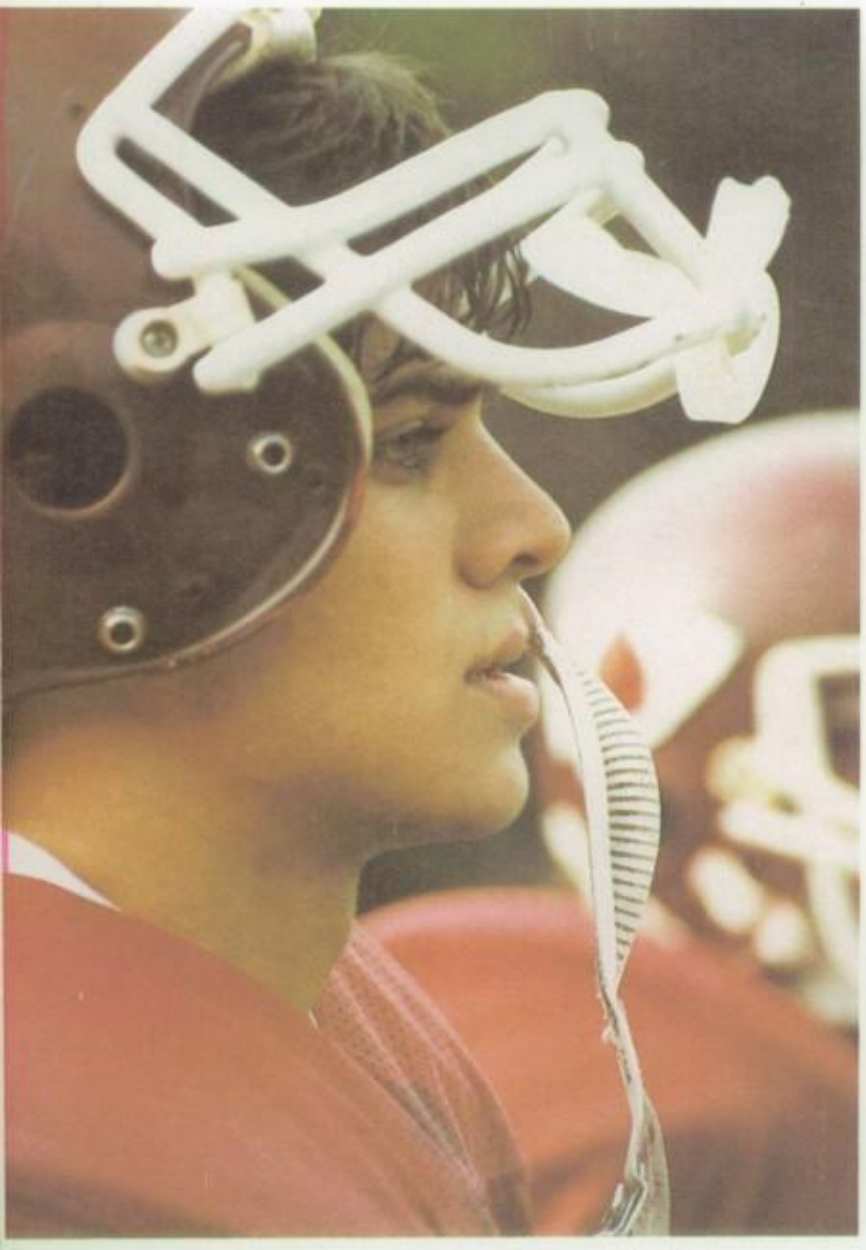
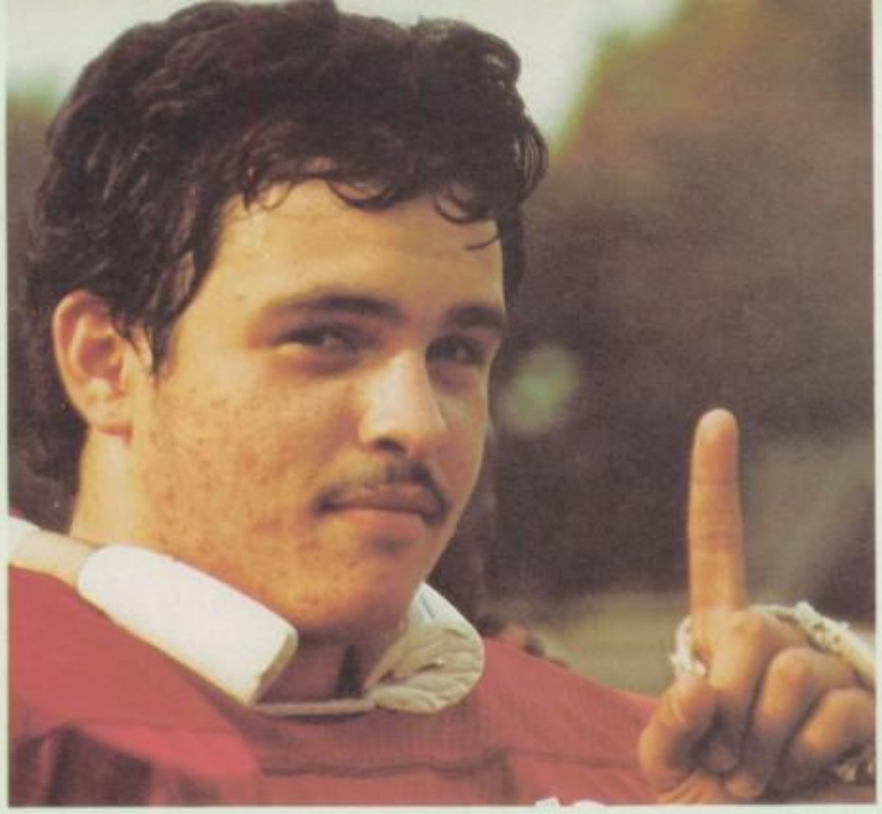
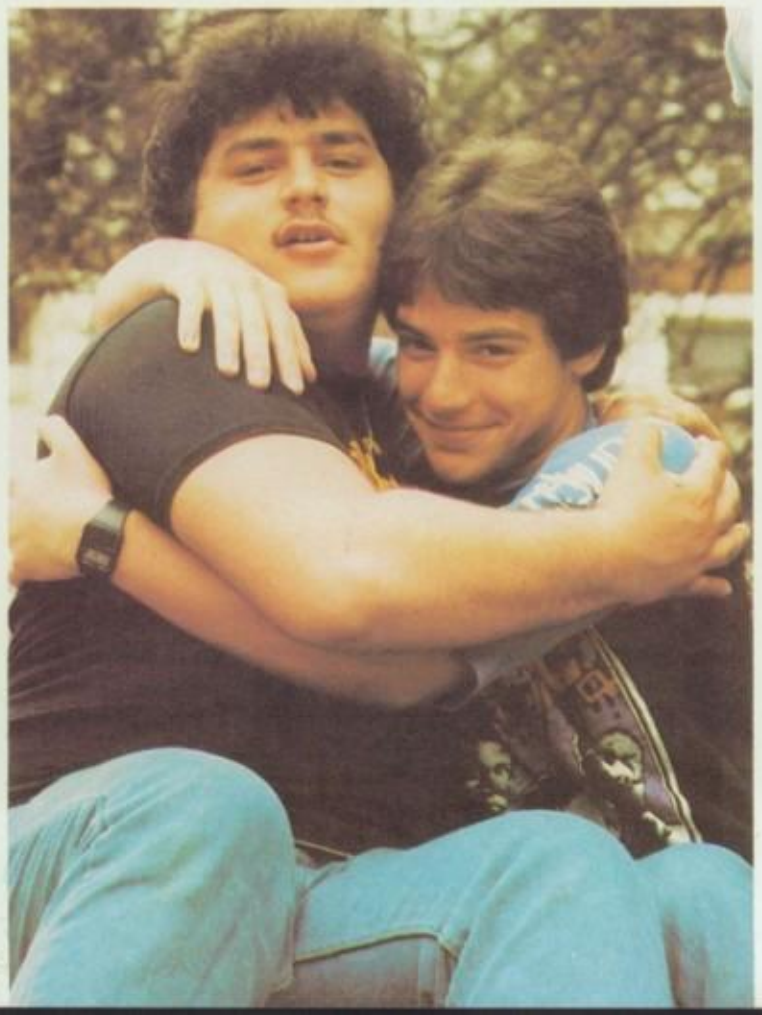
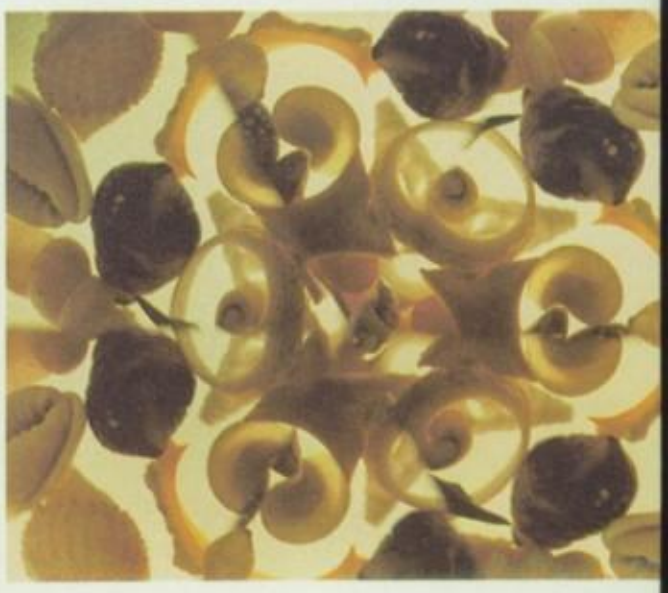
KALEIDOSCOPE

Kaleidoscope. Bits of glass,
a mirror, brilliant stones, always reflecting
shifting patterns of light and color



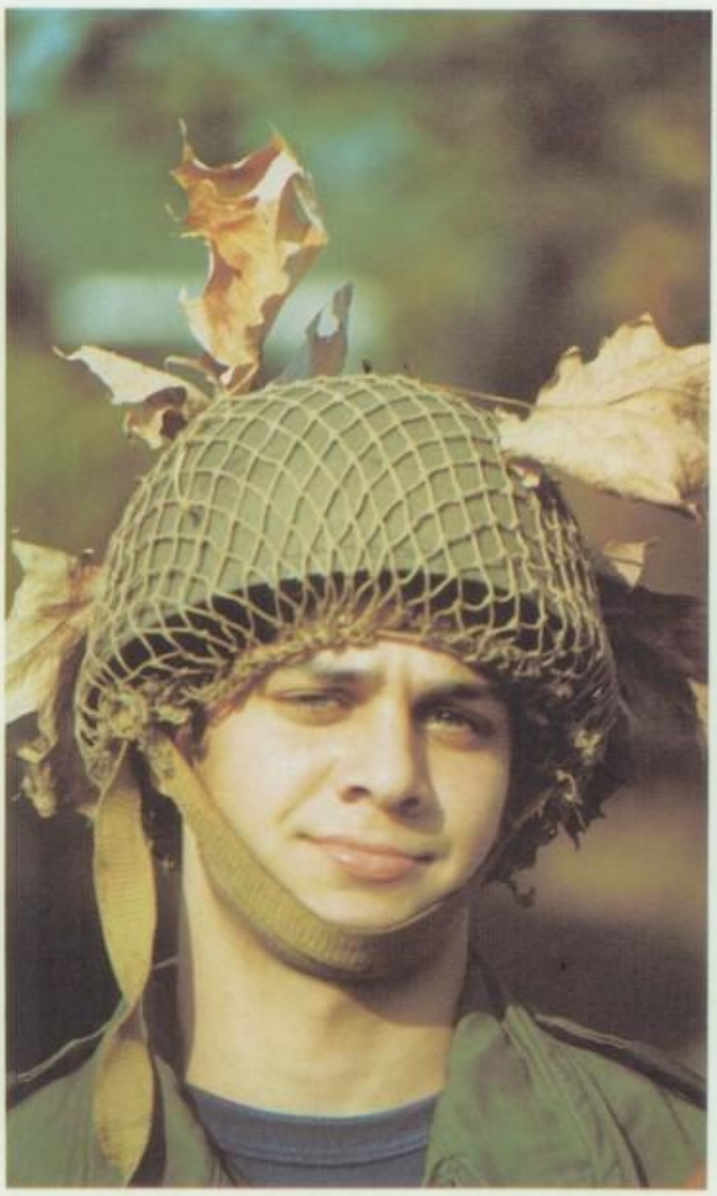


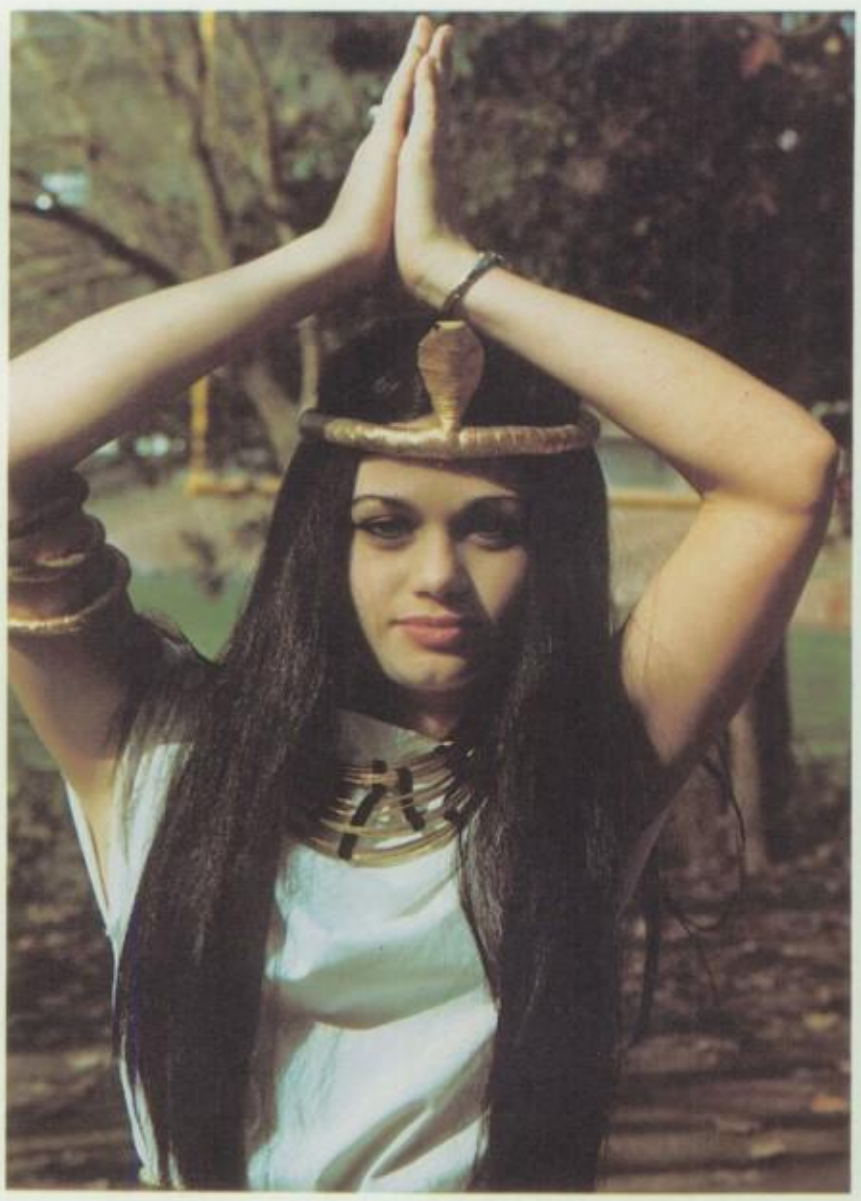




always
a changing
interpretation
a new design

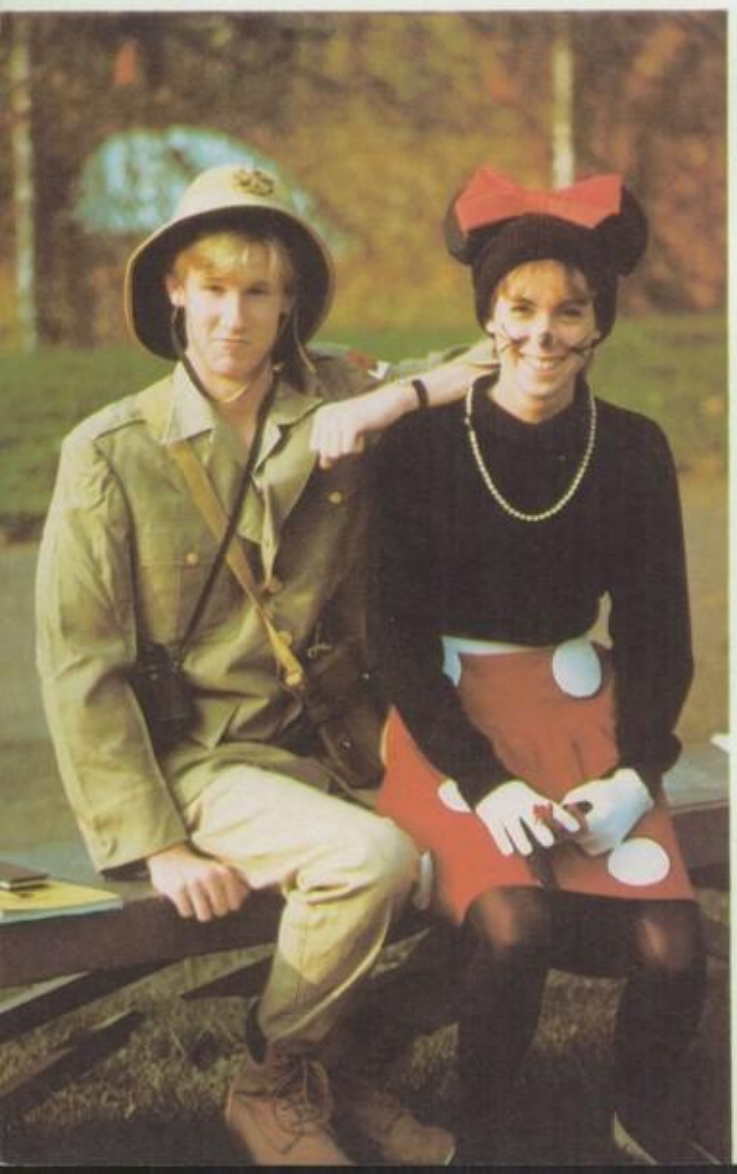
Nyack High School 1985-
activities, spirit, the people,
on which we will reflect.
Different and new ways of thinking,

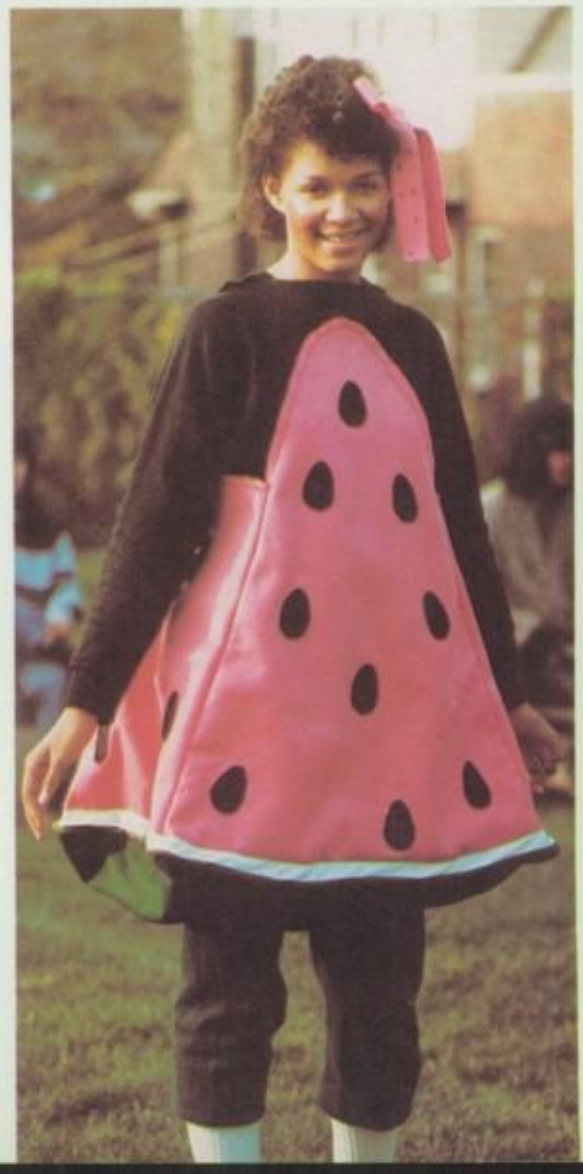




always
a changing
interpretation,
a new
approach

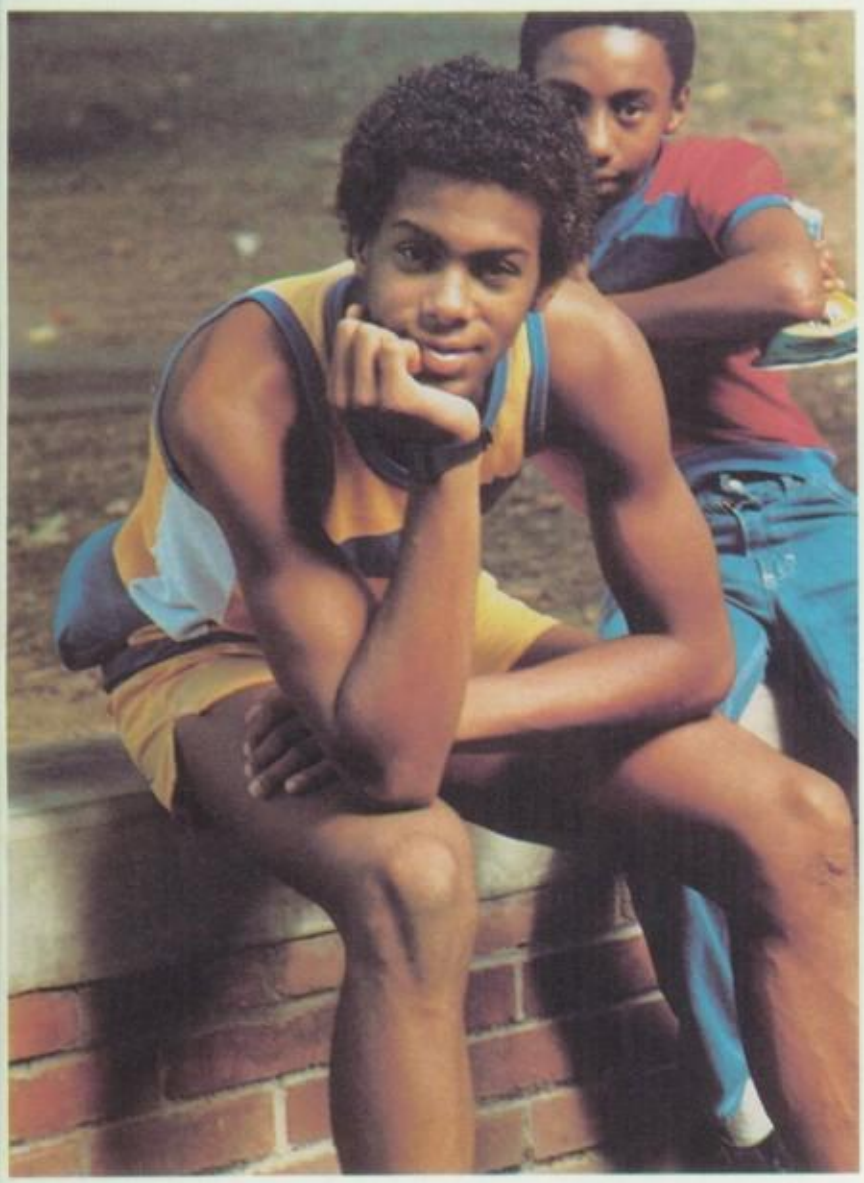
Nyack High School is our kaleidoscope
of colors, people, places, and memories.
Never the same, always changing.
We are a kaleidoscope of colorful
ingredients and character,
shifting and changing people who come and go

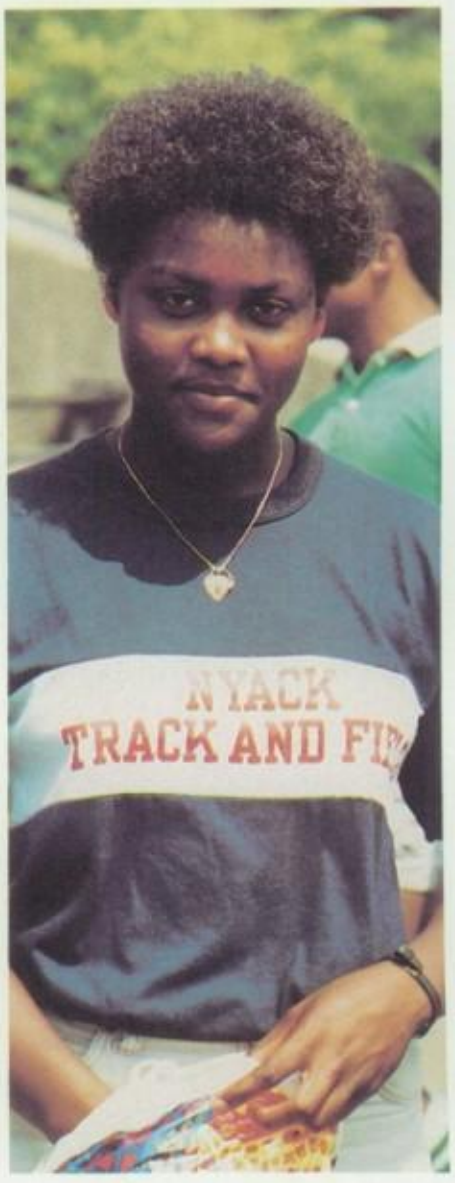




and people you never meet
and some you'll never forget

This is Nyack High School. The things we remember and the times that are hard to forget.
The good times and the bad,





but always the unity and togetherness remains the same.

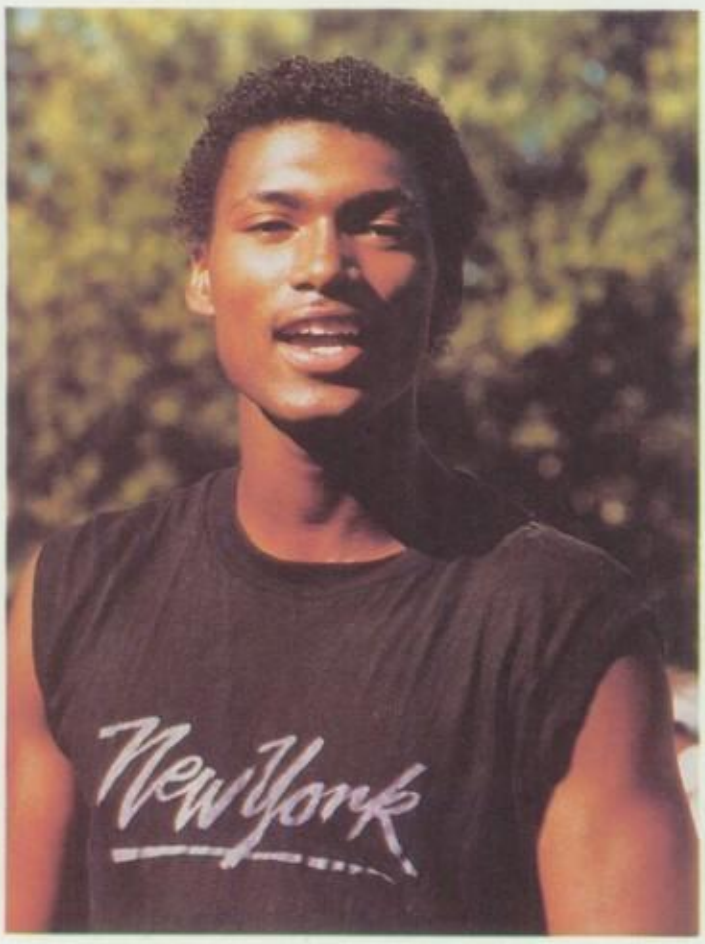
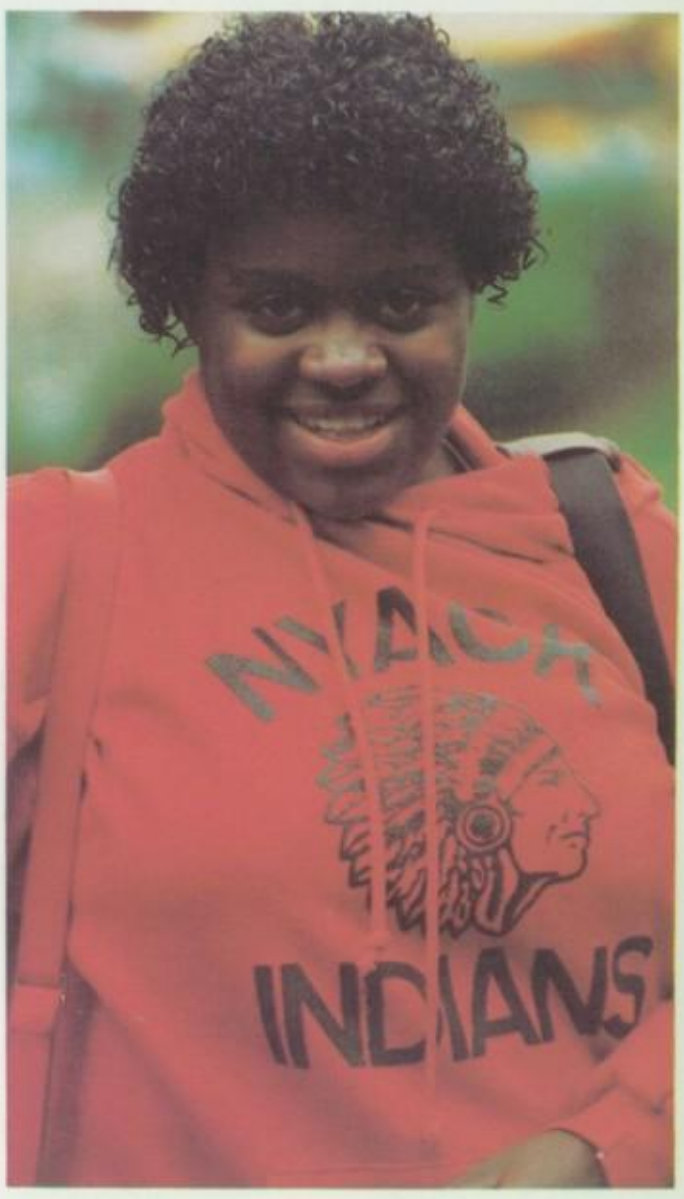
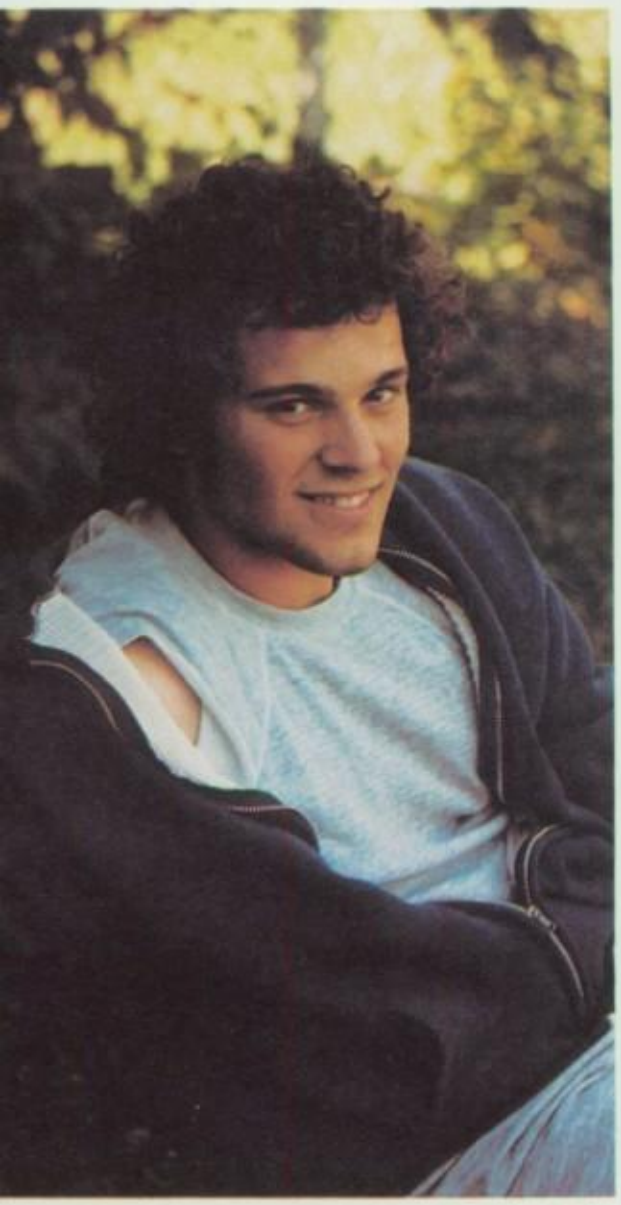
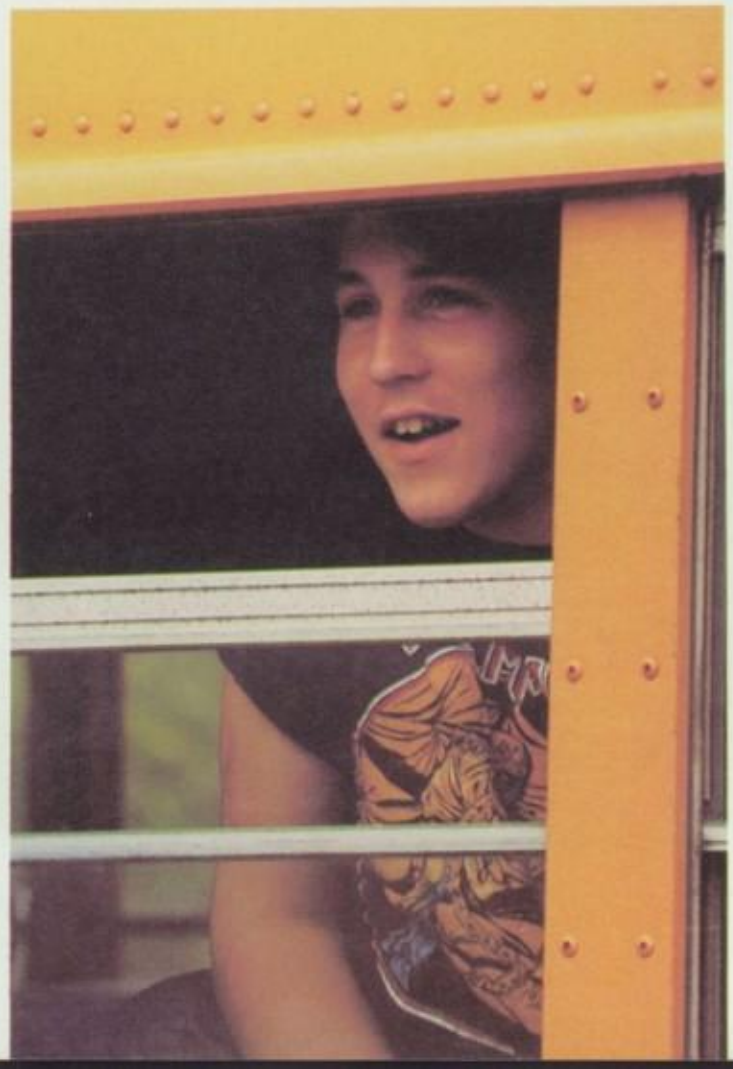
We came here new to it all to push our colors and our ways
and our ideas and ourselves into the pattern
and turned it and whirled it and moved and hurried and flew
sometimes with elation or cheers or grief or worry
and it twisted at our touch and a pattern emerged





and it was the same after all





but different than the years before.

Even as we touched it and held it,
like the strings of the world in our hands, it changed.
Kaleidoscope - always changing
yet always the same; beautifully diverse.
Nyack High School is our kaleidoscope.

It is with great pride that we dedicate Tower '85 to Edward Patnode. Be it academics, athletics, or administration, Mr. Patnode has continued his unparalled faith and service to Nyack High School throughout every one of the twenty - five years he has been with us.

A prominent figure in our school, Mr. Patnode has participated in many activities, including his coaching the Boy's Swim Team the year the first girl won a varsity letter for the sport. He is an NTA building representative for Nyack High School, and was, also, the President of the Faculty Association. In addition to being the "Voice of Nyack High School Football", Mr. Patnode has been a sports official for sixteen international sports. His modesty permits him to describe this dedication as "a completely undeserved honor".

As an active member of the 2000 Club, Mr. Patnode travelled to Sarajevo, Yugoslavia for the 1984 Winter Olympics in an effort to bring the Olympics back to Lake Placid in the year 2000. He plans to continue officiating the Luge in his retirement.

After all of the support and encouragement he has shown us through the years, it is with great regret that we must say "goodbye". It is with love, honor, and respect that we dedicate Tower '85 to Edward Patnode.

NYACK PUBLIC SCHOOLS

Arlene W. Clinkscale, *Superintendent*
Roberta R. Zampolin, *District Treasurer*

TO THE CLASS OF 1985:

"Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;
Two roads diverged in a wood, and I
Took the one less traveled by,
And that has made all the difference."

Robert Frost

As you complete high school, you have reached a point where two roads diverge and you must select one road to travel. Growing and learning is a continuous process and your days in Nyack Public Schools are only a memory now. As you reflect on the years, we sincerely hope that we have helped you to gain all the "tools for living" and survival. We hope you have given serious thought to your future and have chosen the road leading to much success, happiness and prosperity. You take our best wishes with you for now and always.

Sincerely,

Arlene W. Clinkscale

Senior Citizens Thanksgiving Dinner

On Monday evening, November 19th., Nyack High School celebrated it's sixth annual Senior Citizens Thanksgiving Dinner. This year it was a cooperative effort between the Senior Class, Interact Club, The Home Economics Department, the Music Department, our faculty, and the community, Chaired by Melissa Roy and food supervisor Sarah Ryan and Interact's Miriam Rothstein, dinner was a spectacular success! In the kitchen and serving at the buffet were Supt. Clinkscale and faculty members Robert Fischer, Gene Ross, Jo Rodgers, Lorraine Peterson, Lee Clune, Helen Sabol, Ed Patnode, Kevin Twibell and Gene Hassan. The Nyack Jazz Band, with Director Bert Hughes, and the Indianettes provided dinner music and a rousing floor show. The Traversons of the Wooden Indian Restaurant carved the seven big birds expertly, but it was Pat Latte's "vintage" surprise contribution which, tied with the decorations, made this year's gala celebration a truly historical event. The calming influence of the hard working Mrs. Pat Roy was especially in evidence. The Interact Club contributed one half of it's treasury to the Senior Class to help make the dinner financially feasible. There was literally dancing in the asiles!

In 1980, Nyack High School had our first International Exchange with Okinawa, Japan and Itoman High School. This past July, Nyack High School and Okinawa, Japan again participated in a student exchange program. Accompanied by guidance couselor Arthur Kahn, nine students representing Nyack travelled to Japan with ten other high school groups and lived with many host families in Narita, which is located forty miles outside of Tokyo. Our Nyack students were: Jared Leinback, (Class of '84), Loreene Sipp (Class of '84), Andrew Sipp (Class of '83), Carla Cohen (Class of '86), Geoff Cox (Class of '86), Paul Vescio (Class of '86), Jennifer Mora (Class of '86), Jennifer Cozzi (Class of '86), and Leslie Leontzwich (Class of '85).

While they were in Japan, our group attended classes with the Japanese high school students. Among the many new things to which our students were esposed, they were most impressed with their insturction in the art of flower arrangement, judo, Japanese caligraphy writing, and Kendo, which is a sport involving the use of swords (although bamboo sticks are substituted).

The Nyack students arrived in Japan in time for the festival of the welcoming of summer. They visited Lake Chuzenji and Nikko and saw many Buddhist shrines and temples. The Emperial Palace was a major source of attraction. The Tokyo Disneyland trip was a huge success and a field trip to Kyoto was an unexpected but pleasant surprise.

Overall reactions included a better understanding of the Japanese culture and way of life. All of our students felt that Japan is a beautiful country with a great culture.

The trip was sponsored by the National Association of Secondary School Principals and the Council on International Educational Exchanges. Another trip to Japan is planned for this coming July, and will be led by our Band Director, Bert Hughes.

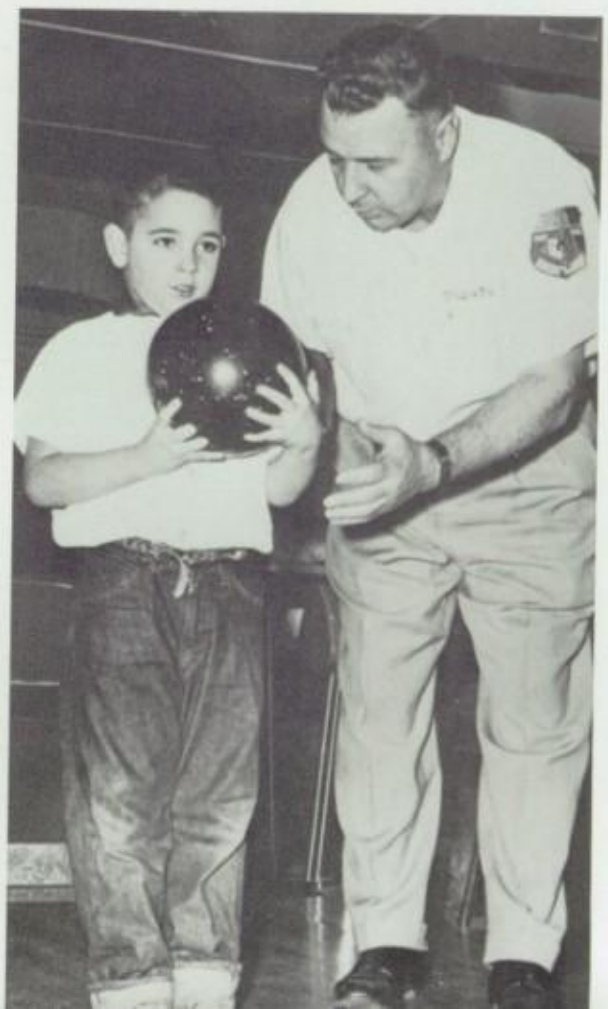
In Memory Of Warren Austin

Do you believe in Santa Claus? If you knew Warren Austin, you would. Mr. Austin, who was a member of the Nyack police force, school board member, and President of the Monday Morning Quarterback Club, played Santa Claus for the children of Nyack for many years. He always had a special interest in young people and devoted much of his time to helping them. At Christmas he would secretly give gifts to those children who would not receive them in any other way.

As an active member of the community, he took a special interest in the Nyack Public Schools and served on the Nyack School Board. His concern for children led him to start various youth bowling leagues. While President of the Rockland County Men's Bowling Association, he founded the Nyack Youth Bowling Program and established the Steven Ward Memorial Scholarship Progam after the 1974 bus accident.

Mr. Austin always loved sports and believed that young people should be able to participate actively in athletic programs. When the school budget was defeated in 1976, Mr. Austin, as President of the Nyack Monday Morning Quarterback Club, initiated a drive to obtain monay for Nyack's sports programs and helped raise thousands of dollars for scholarships.

During the 26 years that Mr. Austin was on the police force, he saw many young people throw away their lives. He believed tht if they had worthwhile interests and activities to keep them busy, they would have a better chance to become responsible citizens. Mr. Austin gave much of his life to making Nyack a better place for all it's citizens, so it is fitting and proper that we humbly acknowledge his devotion.



His wife, Gertrude, continues to live in Nyack and is the Superintendent at Oak Hill Cemetary. Their son, Warren Austin, Jr., is a Physical Education teacher, living in Kentucky. Warren Austin, the man who "loved children", is fondly remembered by the citizens of Nyack.

Lastly, I leave this advisorship - to anyone who cares enough to carry on - the hours are too long to mention, you should have an extra room in your home for all the pictures, papers, correspondence, etc., a well-stocked fridge, the money isn't great (about 20¢/hr.), the responsibilities are sometimes crushing, BUT the end product and the joy it brings are all worth it! Any applications?

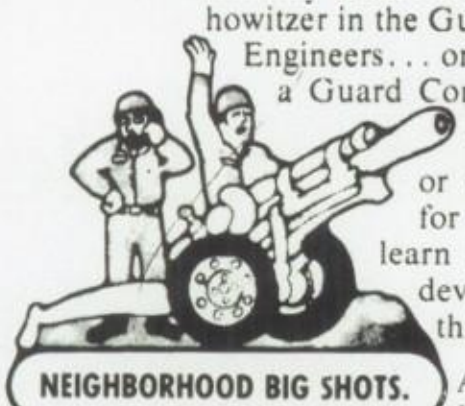
CHECK OUT SOME OF THE OTHER TEAMS IN YOUR NEIGHBORHOOD.

LOCAL CROSS-COUNTRY TEAM.

LOCAL TRACK TEAM.

One weekend a month you could be driving a mechanical monster in a National Guard Armor outfit... helping to keep people healthy in a Guard Medical team ... feeling excitement of helicopter-airmobile action as part of a Guard Infantry team ... helping to fire an earth-shuddering howitzer in the Guard Artillery ... building bridges and roads with the Engineers... or keeping other people's signals straight in a Guard Communications/Electronics assignment.



NEIGHBORHOOD BIG SHOTS.

LOCAL RADIO STATION.

You'll get a chance to learn a trade or skill. A chance to earn extra money for the things you want. A chance to learn how to be a leader. A chance to develop close friendships. To do something different.

And you'll show yourself and others that you're truly a responsible person. Because you'll be doing something extra to help your country and community.

NEIGHBORHOOD BIG WHEELS.

LOCAL HEALTH CLUB.

You can do all these things and get paid more than $80 to start for just one weekend a month. And you can still enjoy your regular civilian life. Because the Guard is a part-time instead of a full-time military job.
